Based upon common sense and practical actions

PPNZ's unique policies to address major New Zealand issues

COST OF LIVING/ECONOMY

1. Reduce G.S.T. to 5% on supermarket fresh and frozen fruit and vegetables, milk, bread, butter and eggs.
2. Create a new tax bracket. No tax payable on the first \$7,000 earn, to benefit all.

Local Govt control

3. Reign in the reckless spending by Councils causing unacceptably high rates, by focusing on infrastructure and core services, creating a 'lid on Council rates'. All other large project's funding (eg; **Let's Get Wellington Moving**) are to be decided on by the ratepayer's referendum. Maintain all council revenue streams like carparks.
4. LGWM and similar projects throughout the country are to be consulted on by local businesses and other affected parties.
5. Responsibility, Accountability, Transparency are to be compulsory on all large projects.

CRIME PREVENTION & PUBLIC SAFETY

1. Address the 'Ram Raids' and youth crime by introducing Tougher sentences, skill development options, with 'structure', 'discipline' and 'pathways' for the future.
2. Analyse the range of backgrounds and address accordingly. Mixture of physical (eg; Outward Bound), Art Therapy, Addiction rehabilitation etc).
3. Adults and older ring leaders involved to receive a jail term.
4. Review Section #27 of the Sentencing Act 2002 having regard to the victim of the crime. Restore balance between perpetrator and victim in 'cultural reporting' and the discounting of 10-30% off the sentence. Greater Power to the NZ Police.

BUSINESSES Protect businesses and help local businesses restore confidence.

1. Promote all businesses throughout New Zealand.
2. Encourage workers to go back to the Cities, to support retail and food outlets, tourism and entertainment.
3. Protect the Commercial Rates base (maintain carparks to help businesses).
4. Recognise their significant economic input to the economy, easing business loan process to help cashflow of struggling business, policies to help businesses struggling with staff and cycle lanes.
5. Incentivise banks to invest in businesses rather than real property.
6. Boost export to increase countries foreign reserves and 'boost' the economy.

HOUSING We believe every New Zealander has a right to live in their own house.

1. We have expertise to build 'truly' affordable Eco friendly Green housing ie; approx. \$600,000 per house including land. Provide rent to own options.
2. Take the financial pressure off 'Mum and Dad' landlords, to protect the most vulnerable accommodation occupiers, including 'renters'. The objective is to make the rents more affordable.
3. Investigate the adequacy of the retirement village stock for the aging population.
4. Restore city beauty by not pushing dense housing. Reduce red tape in councils. Develop policies to stop land banking.
5. Develop policies to stop few companies to dictate the building material market.

HEALTH

1. Eliminate the need for ambulances to 'ramp' to enter hospitals.
2. Reduce hospital Emergency Department Patient Wait Times to less than 4 hours.
3. Publicise and Eliminate the unacceptable delay in hospital entry 'Triage' times.
4. Every New Zealander is to be treated equally.
5. Promote natural treatment, holistic and traditional Maori medicine.
6. Increase education on healthy diet. Review Therapeutic products bill.
7. Reduce the unacceptable surgery wait times for heart and other important surgery.
8. Conduct an independent review of Pharmac decision-making process.
9. Train more medical professionals and nurses for the hospitals. Permit sufficient overseas doctors and nurses to enter New Zealand, to match the future demand.
10. 100% subsidy to help pay for immediate and essential dental treatment for all ages. We suggest PPNZ Sugar Tax to cover this subsidy.

CLIMATE CHANGE

1. Introduce incentives to build 'Green' residential Homes. Green Homes will reduce the carbon footprint and will help us to achieve 8 out of 17 sustainable goals of the United Nations. Develop policies for Green Procurement.
2. Invest in environment-friendly business. Promote Plant-based food for local and export market which is worth approx. 33 Billion NZD.
3. Full responsibility, accountability, and transparency for any environmental damage. (example - Forestry Slash, Rivers, Trees).
4. Review the necessity for future cycleways. Utilise the areas where the cycle lanes have not been used, for electric, hydrogen cars and charging stations.

WE ARE ONE !

1. We will not support any policies that in any way sow the seeds of division amongst different ethnicities, religions, genders or age groups.
2. No policies are to favour any particular ethnicity, religion, gender, age or address.
3. No policies are to support any form of 'bias'. A 'level playing field' is to be mandatory.
4. Everyone is to be treated equally, fairly and with respect.
5. Every New Zealander to be treated equally. All health decisions are to be made fairly and not based on ethnicity, age, or postcode.
6. Develop policies for a fair recruitment process in employments giving skilled workers the opportunity regardless of ethnicities, religions and genders.

SENIORS We are what we are because of our senior's valuable contribution.

1. Review and increase superannuation payment and keep the same age for superannuation.
2. Investigate the adequacy of the retirement village stock for the ageing population.
3. The issuance of nontransferable or tradeable 'Electricity Coupons' which can be used to credit a senior's electricity account.
4. Subsidised dental care using PPNZ Sugary Drinks Tax.

RESILIENCE AND EMERGENCY PLANNING

1. Review the adequacy of all resilience and emergency planning in New Zealand
2. Utilise international experts with the expertise and first hand experience to develop resilience and emergency planning.
3. Develop 'robust' resilience and emergency planning, to the 100% safety culture level, rather than 70% safety culture.
4. Incentivise the development of renewable energy sources (wind, solar, hydro) for use in resilience and emergency situations.

STUDENTS

Teachers - Immediately get more teachers from overseas and then have a proactive plan to provide training to more teacher in New Zealand. Improve working conditions of teachers.

School

1. The teaching of Reading, Writing, and Mathematics is to be enhanced.
2. Introduce a check system for reaching proficiency in Reading, Writing, and Mathematics at different levels.
3. Deal with Truancy. Aim for 90% school attendance within 3 years.
4. Allow for and address poverty cases.

Colleges and Universities

1. Increase funding for education for students.
2. Review and increase the present Fee Free university program.
3. The issuance of non transferable or tradeable 'Electricity Coupons' which can be used to credit a Student's electricity account.

TRANSPORT

1. Transport is the backbone of the country and a major driving force behind a robust economy. All the World's fast-growing economies have affordable and World class transport networks.
2. Implementing proper management and using 'International Best Practices'. Solve the issues impacting on local bus, train and ferry services in each city.
3. Establish affordable domestic air travel.
4. Extensive road safety education and focus on road maintenance nationwide.

SUPPORT OUR COUNTRY'S HEROS

1. New Zealand Police, Army, Fire Services, Emergency Service workers, Health Care Professionals, Bus and Train Drivers, Teachers, and Education Providers- Issues ignored by most of the parties.
2. Develop policies for a good working environment and increase their remunerations. Help to reduce work stress. Special incentives to help their families so they can serve the country. Get them involved and work out solutions for easy working conditions.

ANIMAL WELFARE - VEGAN- VEGETARIAN- To Help Boost NZ Economy

1. Increase funding to protect animals, birds, endangered species, marine life.
2. Support and expand 'responsible dog and cat ownership courses'.
3. Develop policies to support and fund carbon-negative food program, vegan, plant-based, and vegetarian food products.
4. Fund and help vegan,vegetarian, plant based food and promote export to internationa market which is worth approx. 33 Billion NZD.
5. Stringent policies to label detailed ingredients of the food.
6. Help staff dieticians to develop alternative patient menus and encourage plant-based diets for health sector.
7. Double the financial and other penalties for individuals who commit an offense under the Animal Welfare Act. Ban the export of live livestock.
8. Review the Animal Welfare Act 1999, stop animal testing and use of animals in the entertainment industry, Ban 1080 poison.
9. Greyhound racing and Rodeo are to be put on hold till the Animal Welfare Act is reviewed.

IMMIGRATION

1. Listen to industry experts on the level and specific requirements, Develop a plan two years ahead, by estimating future requirements.
2. Introduce fast-track Visa processing to immediately help struggling New Zealand businesses. Promote high talent immigrants.
3. Bring in workers such as doctors, nurses, medical technicians, construction, trade, horticultural and farming workers to fill the current demand.
4. Reform immigration process and remove harrasment faced by immigrants.
5. Develop specific policies emphasising family reunion.
6. Fast track all parents Visas.
7. Introduce 10 Years parents visa. Present requirement of 200k income and IELTS to be removed.

Martin Jenkins
Party Leader
Candidate, Ohariu

PROTECT AND PROSPER NEW ZEALAND a new Political party was set up in response to the unprecedented number of 'crises' plaguing New Zealand and the division happening among our fellow man.

We are a centre-based party with experienced leadership. Please support us and give us a chance, so we can bring positive changes in your life.

- ✓ **Join us:** Become our member for just \$1 and help us shape our country's future, with your valuable feedback.
- ✓ **Volunteer:** Help to serve the country.
- ✓ **Donate:** Please consider donating to us, as a new party we need your help and support to grow.
