

SCHOOL

1. The teaching of Reading, Writing, and Mathematics is to be enhanced.
2. Introduce a check system for reaching proficiency in Reading, Writing, and Mathematics at different levels.
3. Deal with Truancy. Aim for 90% school attendance within 3 years. analyse the real reasons why students don't come to school. and then and only then solve the issue.
4. Allow for and address poverty cases.

COLLEGES AND UNIVERSITIES

1. Increase funding for education for students.
2. Review and increase the present Fee Free university program.
3. The issuance of non-transferable or tradeable 'Electricity Coupons' which can be used to credit a Student's electricity account.

TEACHERS ISSUES

1. Immediately get more teachers from overseas and then have a proactive plan to provide training to more teacher in New Zealand.
2. Improve working conditions of teachers.
